

THE POWER OF STYLE SHEETS

Create style sheets — then tag/edit/etc

| | |
|-----------|--|
| April 9 | Handel Messiah |
| May 14 | Mendelssohn Violin Concerto |
| June 11 | Brahms Piano Concerto No. 3 |
| July 9 | Igor Stravinsky L'Histoire du Soldat Suite |
| August 13 | Sibelius Symphony No. 1 |

If you want to setup a group of text that has repeating formatting that looks like this...

| | |
|---------|--------------------------|
| April 9 | Handel Messiah |
|---------|--------------------------|

| | |
|--------|--------------------------------|
| May 14 | Mendelssohn Violin Concerto |
|--------|--------------------------------|

| | |
|---------|--------------------------------|
| June 11 | Brahms Piano Concerto No. 3 |
|---------|--------------------------------|

| | |
|--------|---|
| July 9 | Igor Stravinsky L'Histoire du Soldat Suite |
|--------|---|

| | |
|-----------|----------------------------|
| August 13 | Sibelius Symphony No. 1 |
|-----------|----------------------------|

Create the “LOOK” of one unit, from that generate your style sheets

- **paragraph** Applies to Concert and overall structure
- **character** composer
- **character** date

| | |
|---------|---------------------------------------|
| April 9 | Handel Messiah |
| May 14 | Mendelssohn Violin Concerto |
| June 11 | Brahms Piano Concerto No. 3 |

| | |
|--------|---|
| July 9 | Igor Stravinsky L'Histoire du Soldat Suite |
|--------|---|

| | |
|-----------|----------------------------|
| August 13 | Sibelius Symphony No. 1 |
|-----------|----------------------------|

Then “TAG” each item with the appropriate style sheet

- **paragraph** ALL
- **character** composer
- **character** date
